Assignment 04 I I Feedback

Haley Young

All of Time and Space

3b — You did a great job with tracking down your selected papers and recording their connections and differences. With evaluating their authors, you got a little bit generic though. For example, if you dig a little more on Per Brinch Hansen you would have noticed that he's got a little bit more to him than the others :) Still, overall well-done. (+)

4d — Excellent work with finding papers from the digital library. (+)

4e — Your commits and messages were very appropriate given the work performed. (+)

4f — Submitted on time. (+)
